that a Japanese Hawker
at Protectorate for
a Ambulance
Staff

Forwarded in original
to H.M. Senior Surgeon
Town of opinion as to whether
any need exists at Sierra
present for an
Ambulance Staff.
There have only
been two
imported cases
one at H.K. and
one at Banana
Hospital Assistant Plague
Inspector might
be perhaps be
appointed but
it is not clear
to me what his
duties would be
in the H.C. Chalets
or in addition to
living [illegible] and
absent circle there.
at H.K. I believe,
a Hosp. Assistant is
examining all
shipping [illegible]
If there is an H.A. at Banana
he might do the work
if not what would the Sen. Surgeon
propose.

Secretary of War Section
Medical Commissioner
Cape Town South Africa

Sir,

I have the honor to inform you that since the Declaration of Plague in the District of Hawaiian Islands there has been a "run" on the establishment of an Ambulance staff is necessary on the Island of Honolulu alone. It is impossible to secure servants for the work in this District and I have therefore written to Chalmers to ascertain if any of the staff of the Ambulance Corps have been thrown out of employment since the cessation of hostilities in which case I shall endeavour to obtain them. Apart from the one available Chalmers there are a sufficient number of Japanese employed at Banana plantations if the all fees must be obliged if you will kindly advise me of any alteration of the above to be sent to this District.
